

## Enesco's Circle of Love Collection Expands

Nine additions are made this season to Enesco's expressive Circle of Love figurine collection. Designed by Kim Lawrence the sculptures are inspired by emotions such as the devotion of parenthood in Precious, the power of dance in Passion and Grace, and the intense happiness of young lovers in Living For Our Love.

Precious depicts a couple tenderly embracing their new born child and typifies Kim's unique style as well as her artistic ambition to celebrate family and love. Kim explains more, *'I look to capture that perfect moment of peace and contentment when real love is discovered. By using flowing lines and entwined circles my designs symbolise the way love grows stronger — and whether we reach out to cherish family or to support friends, it comes back to us ten-fold.'*

Circle of Love figurines make meaningful gifts but are especially appropriate on landmark occasions – such as to mark the arrival of a precious new life.
