

Celebrate Togetherness and Good Old Fashioned Fun with Our Name is Mud

Famed for its witty and colourful ceramics and glassware, this season's launches from Our Name is Mud introduce designs reflecting the latest topical sayings and today's fun loving youth culture.

Attractive two-mug sets humorously celebrate couples: the friendly rivalry between business partners — aka the genius and the sidekick; the all encompassing ardour of young lovers and, drolly, the more established partnership where the mugs' designs pay homage to the balance of power in many a home!

Other introductions include stand alone mugs. Brightly decorated stylised motifs complement the comic sayings on the front and back of each mug, such as cats and dogs on the 'Women and Cats will do as they please, Men and Dogs should just get used to the idea' mug.

The 'lol' approach continues on the new stylish wine glasses — celebrating friendship and good times, the glasses are bang on trend and will make perfect gifts all year long.
