

Cheers! To the Happy Couple...Raise a Glamorous Glass with Lolita

A Lolita glass is so much more than just a hand-painted glass — it's a statement and a keepsake to celebrate life's extra special occasions — but not only that, each is a dazzling and breath-taking work of art in its own right too. Sure, they make glamorous gifts for the happy couple, but it's not just the bride and groom who receive gifts on the big day.

Lolita glasses are blown by mouth and painstakingly decorated by hand, making them a gift of distinction. The 'My Beautiful Bridesmaid' glass, with pretty flowers on the stem and the words 'My Beautiful Bridesmaid' flawlessly painted in the shape of a dress, would make perfect bridesmaid gifts from the newlyweds. Or, why not place the new glass 'Cheers to the Happy Couple' on the top table for even more sparkle during the all-important toast, they make a lovely memento for the guests too.

So, whatever you are planning for your big day, be sure to include some sassy fun, original flair and some must-have bling with Lolita wine glasses.

About Lolita: As a designer (with a career working in advertising and for Christian Dior and Donna Karan in the fashion industry) Lolita injects her energy and charm into everything she produces, always pushing her designs in the fashion forward direction. Lolita monitors the trends, colours, textures and attitudes of the European runways and takes care to incorporate the latest inspiration into her unique ideas and style when designing.
