

## Flower Fairies make enchanting new gifts from Border Fine Arts

This brand new collection of ceramic, textile and figural gifts features the enchanting Flower Fairies, originally drawn by Cicely Mary Barker. Available from Border Fine Arts Contemporary, the gifts will 'fly off the shelves' with its magical appeal.

The first Flower Fairies illustrations were published in 1923 and combined accurate drawings of flowers – often based on Cicely's studies at London's Kew Gardens – with fairy images based on real children who attended her sister's nursery school.

Border Fine Arts designers have been inspired by Cicely's wonderful Candytuft and Gorse illustrations and by adding a contemporary twist using pastel pink and bright yellow backgrounds, have created a gift collection that's perfect for a diverse and multi-generational 21st century audience.

The Flower Fairies ceramic gifts, including teapot, jug, teacups and saucers and a mug are presented in a newly designed, attractive box featuring an integral handle, adding to its appeal as an instant gift.

Flower Fairies by Border Fine Arts is available from Enesco and will be on show at the Spring Fair 5th–9th Feb 2017 NEC, Birmingham, Hall 4, Stand H80–J81
