

Bewitching new launches from Enchanting Disney

Princess Aurora, Cinderella, Rapunzel, Snow White and Bambi are amongst the new launches joining Enesco's ever popular Enchanting Disney collection in early 2014. Inspired by the characters made famous by Walt Disney, each figurine captures a magical moment from one of the great classic films.

And with Sleeping Beauty, one of the most popular of fairy tales, celebrating its 55th anniversary as a Disney film in 2014, its heroine, Princess Aurora, is the centrepiece of the new launch. Enesco's talented modellers have captured Aurora's delicate beauty along with details such as the full billowing skirt of her graceful ball gown, the twinkling jewels in her tiara that complement the rich pink tones of her dress and her flowing golden tresses.

The young and the romantic at heart will be captivated by the new Princess figurines, especially the portraits of Cinderella – 'Have Faith in Your Dreams', the dreamy study of Snow White and the Prince, entitled 'Love's First Kiss', and the beguiling Rapunzel posed as an 'Adventurous Princess'.
