

Tins Have Never Been So Much Fun...Thanks to The Silver Crane Company!

With a history dating back thirty years and a winner of many packaging awards, Silver Crane are recognised throughout the world as the number one tin packaging design company and continue to 'wow!' and surprise the market with stunning new designs and ranges every year.

New for January 2014 are two exciting and innovative new ranges of tins with fun as well as functionality in mind — and aimed directly at kids!

First up are two **Money Bank Twist Tins**. Each features a trio of different characters and you can twist the middle and top sections to change the character's costumes. One features a witch, a mermaid and a fairy; the other: a pirate, superhero and cowboy. Both are guaranteed to make saving fun!

Also launching — quite literally! — is a range of **SK8 Cases**, or, to the uninitiated, that is skateboard tins! Fabulously fun, these tins make ideal pencil cases — students need never be bored again with these boards, which are seriously 'skool cool'!

Probably the best
tins in the world
