The  
GRINCH  
Dr. Seuss™

all  
new

Since 1985, Department 56 has brought us the iconic Christmas figurine in the shape of *Possible Dreams* Santa Claus! But this year, someone new is stepping into Santa's fur-lined boots — none other than The Grinch from Dr. Seuss's children's classic 'How The Grinch Stole Christmas'.

Presented in classic *Possible Dreams* style — a combination of resin, fabric and mixed media — The Grinch is ready to be naughty! But Who-ville resident Cindy-Lou Who is doing her best to persuade him otherwise.

by JIM SHORE

Introducing our new Dr. Seuss by Jim Shore collection, which is sure to delight fans of the author's literary classics.

Taking inspiration from the 1957 children's story, 'The Cat in the Hat', this collection features scenes and characters full of fun and frivolity, beautifully sculpted from stone resin and hand-painted in a palette of vibrant colours with intricate quilting patterns synonymous with Jim's style.

As with all of Jim's work, the figurines reveal his artistry and skill, not only in capturing the qualities of each character he sculpts, but also enhancing them in his own unique American folk art-inspired way, through his attention to detail and hand-painted finishes.

*'I grew up with Dr. Seuss, just the name brings up great memories of well-worn books filled with laughter, imagination and important life lessons. They have also stood the test of time, my grandkids still love Thing 1 & Thing 2 and of course Horton & the Sneetches as much as I did back in the day. It's a real honour to have my art linked with that sort of tradition'.*
