

Willow Tree® – Sweetheart

"I like working with patterning and pierced metal. The wreath has always been a symbol of hospitality and welcome, and this wreath is kind of decorative — it's light and lacy and feminine. The sentiment is light-hearted... It's a little endearment; a way to say thank you, or let someone know she's special." Susan Lordi

This piece will be packed in environmentally friendly packaging – the inner shell is made from biodegradable paper pulp, so now both shell and box can be easily recycled.
