

## New magical figurines for the Disney Showcase Collection

The timeless, magical world of the Disney Showcase Collection becomes ever more enchanting with beautiful new figurines added to the Masquerade and Wedding collections, a romantic study of Disney's *Cinderella* and the unveiling of five small figurines inspired by the film, Disney•Pixar's *Inside Out*. No detail is overlooked in the creation of these exquisite studies, which portray Disney's most charming characters.

Each Masquerade figurine includes a delightfully embellished mask, which can be placed to cover or to reveal the character's face. Disney's *Alice in Wonderland* joins the collection to mark the film's sixty-fifth anniversary and the figurine is superbly decorated with motifs from the film adorning the opalescent blue dress, whilst for a disguise, Alice carries a bright pink grinning Cheshire cat mask.

The new Live Action Cinderella figurine is inspired by the live action Disney film released in March 2015. Meticulous detailing, including eighteen tiny fluttering butterflies and shimmering hand-painted colours, capture the magic of the Disney classic.
