

## Egg-cellent Gifts from Heartwood Creek!

Created for Enesco, Heartwood Creek is one of the most recognizable brands of collectibles in the world. The enormous popularity of award-winning artist, sculptor and painter Jim Shore is the result of a lifetime of dedication, inspiration and hard work and showcases his passion for American and European folk art.

January 2015 sees a wonderful selection of new items in the popular Angels, Garden Scene and Animal categories to delight collectors of this admired brand — plus a host of new Easter-themed items too, so there's plenty of new ways to decorate your home.

Pictured here, Jim Shore's **Mini Character Eggs** are the perfect accessory for a colourful Easter basket or tabletop display. Eggs are packed two of each style in an egg-carton-shaped display which also serves as the shipping carton. Each egg measures approximately 6.0cm in height and is made from resin. And at an SRP of just £4.95, they make egg-cellent gifts — either individually, or by the dozen!
