

New James Herriot Figurines Inspired by Tales of the World's Favourite Vet

James Herriot became famous throughout the world for his books that captured the essence of life in England's Yorkshire Dales in the 1930s and 40s. Border Fine Arts has been bringing to life humorous scenes and characters from Herriot's stories for many years now in the form of highly detailed hand crafted and hand painted figurines and home accessories.

Six fabulous new lifelike figurines are being added to this most popular collection for June 2014: **Cosy Warm** (pictured, and available in choice of Yellow or Black Labrador); **Spring Encounter**, a lamb discovering its first field mouse (available as Black or White lamb); **Tasty Tatties** (also pictured), a Gloucester old spot sow and her three little piglets who have gatecrashed the potato picking and **Double Jeopardy**, depicting farm hens startled by a collie whilst the farm cat lies in wait behind a barrel.

All Herriot figurines are supplied in a branded gift box.
