

NEW Aladdin pieces from Enesco's Enchanting Disney Collection

There's romance, friendship and just a hint of villainy in the latest launch from Enesco's Enchanting Disney Collection for January 2017. Set to delight, enchant and captivate are three magical hand-painted figurines celebrating Disney's classic animated film, *Aladdin*.

Making their debut into the Enchanting Disney Collection are Princess Jasmine and Aladdin. The enchanted couple soar on their magic carpet to **A Whole New World** in a delightful figurine of the same name.

The next figurine is a **Mischievous Thief** with a love for all things valuable and shiny. Abu the monkey is Aladdin's best friend, confidante and loyal partner-in-crime and is depicted carrying the all-important magic lamp.

Meanwhile, **O' Mighty Evil One** is waiting in the wings, aka the evil Jafar and his pet Iago, who are set on overtaking the kingdom.

The Enchanting Disney Collection will be on show at the Spring Fair 5th–9th Feb 2017 NEC, Birmingham, Stand 4H80–J81.
