

Disney Showcase's Latest Heroines and Villains

In the Disney Showcase Collection no detail is overlooked, from faux jewels and diamanté details to textured materials and opalescent paints, each embellishment adds texture and glamour to each sculpture. As is evident in each of the new introductions for January 2015:

There's an incredibly sultry **Live Action Maleficent**; two Disney princesses — **Belle Bride** and **Cinderella Bride** — in glittering tiaras, shimmering wedding dresses and real fabric veils; **Jessica Rabbit**, with curves in all the right places and a feather in her hat; a very dapper **Mickey Mouse**, with glistening waistcoat, real ribbon trim to his top hat and diamanté cufflink and button detailing; and **Minnie Mouse** with glitter, real feather boa and diamanté jewellery.

Pictured here, **Elsa**, is an enchanting figurine inspired by Disney's Academy-Award-winning 2013 film: *Frozen*, which is now the number one animated film of all time. Every detail has been captured, right down to her magical see-through icy cape, ensuring that she will receive anything but a cool reception!
