

## Romance celebrated as Lady and the Tramp joins the Moment in Time collection

*Produced in a Limited Edition of 250, Seventh in the Series*

The romantic tale of Disney's Lady and the Tramp has enthralled generations of Disney fans and one of its most enchanting scenes has inspired a new tableau for the prestigious Border Fine Arts' A Moment in Time collection, which showcases the exceptional skills of British artists.

Talented UK sculptor, Peter Mook, worked with the Border Fine Arts design team to create this outstanding study, capturing the magic of the moment in the 1955 movie classic when Lady falls in love with the 'footloose and collar free' Tramp. Exquisite details featuring in the tableau include the wax dripping from the candle and the delicious meal of spaghetti that will bring Lady and Tramp even closer together!

Every Lady and the Tramp, seventh in the worldwide edition of 250, is handmade and exquisitely hand-painted by the highly gifted artists working in the Border Fine Arts studios in Langholm, Scotland.
