DEPARTMENT

One Christmas evening, a group of friends set off to enjoy a dinner of celebration at a small country inn nestled in a quiet river town. As they rounded a bend in the road, they saw the small, old-fashioned village decorated for the holidays. The lights, like fairies, glowed and sparkled amid the freshly fallen snow. All evening, the conversation was full of Christmas memories and the visions the tiny town had evoked. Amidst the jovial banter and magical memories, the idea for a lighted Christmas village was born. That spark of an idea became a reality when, in 1976, Department 56 introduced a series of six hand-painted, ceramic buildings. The rest is history.

"Each piece I design tells its own story. It's the story that makes each Snowbabies' figurine special and unique." Kristi Jensen

Pierro's adorable collection is inspired by her children, and her own childhood experiences. For over thirty years, Kristi has been skillfully combining the beauty and splendour of winter with the moments we all want to hold close to our hearts forever...and each Snowbaby is carefully named to present a sentiment of love, friendship or inspiration.
