

## New Signature Collection Celebrates 15th Anniversary of Willow Tree®

2015 celebrates fifteen years since the launch of Susan Lordi's prized Willow Tree Collection and to celebrate, this award-winning artist has created the **Signature Collection**, which consists of three striking pieces...related by architectural form, distinctive colouring and textural surfaces.

*'Starry Night Nativity (not shipping until June 2015), By my side, and Shine have more extensive handwork, distinctive effects and jewel-like materials used on them.'* Says Susan.

This new collection is the most time- and effort-consuming project ever undertaken in the whole collection. The figures are more columnar in shape, with decorative elements at the base, and gestural form at the top. The colouring of hair, skin and garment is merely suggestive, with emphasis on the intense blue gradation of colour and applied gold leaf detail.

*'Throughout the centuries, gold is a valued object...I embellished the surfaces with gold dots — symbolizing light, or energy, hope, inner strength...gold connotes preciousness and enduring value, and I wanted this to be a special collection.'*

The figurines are enhanced by the beautiful gift box packaging, which is both distinctive and celebratory. Gold-stamped dots embellish a blue ombre on the box, to parallel the product. The gold Signature Collection logo marks these pieces as special gifts.
