

Three New Figurines Added to Popular James Herriot Collection

Arguably the world's most famous vet, James Herriot's nostalgic books vividly bring to life the people, traditions and way of life in the Yorkshire Dales during the 1930s and 40s. The Border Fine Arts' James Herriot collection captures memorable scenes and humorous characters from his enduringly popular books in a range of highly detailed, hand-painted figurines and home accessories.

Three fabulous new lifelike figurines are being added to this most popular collection for June 2015: **Old Pals**, featuring two young donkeys with a couple of hens as their 'old pals'; **Friendship**, two cats proving that however aloof these creatures can seem, there are moments when a rub or nudge shows there can be friendship as well; and **On Guard**, a delightful tableau set in a corner of the farmyard by a red letterbox and depicting the farm collie 'on guard' of three excitable guinea fowl.

All Herriot figurines are supplied in a branded gift box.
