

Hairy Coos – designed to lift your Moo-d!

Hairy Coos, a humorous giftware collection from Border Fine Arts, will be launched in January 2014. Portraying Highland cows and calves dressed with Scottish flair in winter woollies and chic accessories, the idiosyncratic range will bring a smile to the face of the beholder.

The fashion conscious cattle are the work of sculptor Janet Miller and stem from her unusual sense of humour. Her creative mind quickly set to work one blustery day when she came across a herd of Highland cattle. Inspired by their distinctive horns, absentminded expressions and shaggy coats, along with the sight of washing blowing on a nearby line, she hurried home to sketch a series of designs, and Hairy Coos was born!

Wearing tam o'shanters, plaid scarves and unique 'horn-warmers', and modelling a stylish ranges of Arran jumpers these are the smartest Highland cattle ever to be found.

Each Hairy Coo is made and painted by hand giving it an individual quirky character that's guaranteed to lift your moo'd!
