

Two NEW Classic Pooh Items to Celebrate Winnie the Pooh's 90th Anniversary

Capturing the charm, humour and innocence of Pooh and his friends as they explore the 100 Acre Wood, Classic Pooh pieces make the perfect gifts for all who hold the enchantment of A. A. Milne's stories and E. H. Shepard's illustrations close to their hearts.

Two new pieces for June 2016 both feature one of the most iconic and humorous illustrations from the book — when Pooh gets stuck in Rabbit's front door and has to starve for a week to become thin enough to be pulled free by Christopher Robin and his rabbit friends.

The new **Pooh Figurine** captures all of the detail of the 'Wedge Bear in Great Tightness' being tugged by his friends; and the **Pooh Book Money Bank** is a realistic representation of the first *Winnie the Pooh* book and includes E. H. Shepard's original illustrations — making a great way to commemorate ninety years of the world's best-loved bear, whilst saving for the future too.
