

Saving is Fun with Border Fine Arts

A new collection of Animal Money Banks will be unveiled by Border Fine Arts in January 2014. The six boxes, styled in the shape of popular farm animals, are a light-hearted approach to saving that will be enjoyed by younger members of the family.

Attractively decorated in vibrant colours with contrasting details such as ears and noses, and with appealing expressions, the Pig, Sheep, Cat, Cow, Pony and Chicken money banks will make eye-catching ornaments for a child's bedroom. And as coins will make a pleasant tinkling noise as they are pushed into the ceramic animal shapes, this will encourage children to save their pennies and pounds.

Packaged in a white glossy box with a four-colour logo, and at an affordable price, the Animal Money Banks are set to be popular gifts. What's more the keen price point may even encourage the giver to donate a little to start the savings fund off!
