

## Comforting and timeless love inspire new pieces for the Willow Tree collection

The outstanding Willow Tree collection by the award-winning artist, Susan Lordi, continues to evolve, and nine new designs show her personal engagement in creating meaningful pieces that convey emotion and can give comfort. Susan explains, 'After making the 2015 Signature Collection, I continued experimenting with techniques of hand-applied gold embellishment... pushing out in different directions, keeping a cohesive look. The pieces that emerged from this process have a common theme of love... romantic, patient, comforting, timeless love.'

Two new pieces are added to the prestigious Signature Collection, Duet and Vigil. Susan has designed Duet as a very personal gift, she says, 'When you open this love box, Duet, I hope you will think of the person who gave it to you, just like when you wear a piece of jewellery that you love.' The figure Vigil is a luminary of love and Susan adds, 'I wanted this figure to be a strong message of hopefulness and healing. The gradations of gold and white suggest a glow from within.' Susan sees this as a serene sculpture that gives comfort and mindfulness.
